

# Medical / SPA: Health Spa for Kids

Health spa for kids? Of course – facials, massages, nails... Not really! Health spas are institutions designed for children with serious health problems or for those recovering from surgeries. Most of this kind of spas can be found in Europe where they help kids to live a normal life. Let's visit a spa in the Czech Republic or Poland. Let's see how a kid's spa can help even the parents or where the children travel for health in the Middle East.
